Production Fees

Champion Theatre productions are high-quality and involve a lot of behind-the-scenes costs, such as licensing, copyrights, costuming, production/scenic materials, props, and more! Production fees help offset these costs. **The \$150 fee includes: a production script, a commemorative show shirt with cast and crew list on the back, a playbill, a show button and more. All students who appear on stage are required to pay this fee for each show.**
